

REMARKS

This amendment corrects errors in the text. Entry is respectfully solicited.

Applicant notes that the text to be inserted at the end of paragraph [0058] was present in the as-filed application and, as such, is not new matter. This text was inadvertently missing from the clean version of the substitute specification which was submitted along with the amendment filed on September 19, 2002, due to a word processing error. However, the text was present in the specification as originally filed and in marked-up version of the substitute specification.

This amendment is submitted prior to or concurrently with the payment of the issue fee and, therefore, no petition or fee is required. No new matter has been added.

Respectfully submitted,
